

**WATER, SEWER & GARBAGE COMMITTEE**

**MARCH 8, 2022**

Village President Worlow called the meeting to order at 6pm, roll call taken Present: Chair Custodio; Trustee Allen; Trustee Price. Also, present President Worlow, Clerk Custodio and Water Clerk Karker.

Chair Custodio gave the floor to Water Clerk Karker to explain the situation with overcharges to seniors and veterans.

Water Clerk Karker explained that in July 2021, when garbage fees were added to the billing program and the discounted rate was set up for senior citizens and veterans, the correct rate calculations didn't get entered. Because of the incorrect rate calculations approximately 69 households have been over charged. Rates have been corrected within the billing system. The committee is recommending that a credit adjustment be given to those household affected, on the current bill.

Trustee Allen made motion to adjourn at 6:10pm, 2<sup>nd</sup> Chair Custodio.
