

Water and Sewer Committee
August 24, 2017

Water and Sewer committee meeting called to order at 5:03pm with Chairman Allen and Trustee Blackstock present.

Discussion about work done at 219 E. Vine.

Property owner states that sidewalk was broken by workers, wants sidewalk replaced, Trustee Nolan has seen the area, said village maintenance workers wouldn't have cracked the sidewalk owner is talking about.

Property owner wants city to spread grass seed on area where digging was done. Chr. Allen agrees to adding dirt and leveling out ground, but no grass seed.

Chr. Allen will recommend at September Board Mtg – if sidewalk still needs leveled, do more leveling, bring in more dirt. Have Chr. Allen and Trustee Blackstock go to property and check it out. Recommend that the village rectify whatever Chr. Allen and Trustee Blackstock feel the village is responsible for and notify property owner by letter.

Meeting adjourned at 5:30pm

Respectfully submitted

Jayne Custodio
Village Clerk
